

COMPANY PROFILE

Digitise processes. Connect systems. Relieve your teams.

AmberTech Solutions is an IT consulting and software company based in Salzburg and Vienna. We support companies in Austria, Germany and Switzerland with IT consulting, Atlassian and Frends integration, CMDB, ISO 27001, custom software and AI.

What sets us apart

Largest Frends partner in the DACH region

Fully certified since 2024 – with integration projects in mechanical engineering and vehicle manufacturing, energy and critical infrastructure, retail and the furniture industry.

Platforms and development from one source

Atlassian, Frends, Therefore and sproof combined with our own software development – without friction between providers.

Certified expertise

Frends, ISO 27001, Scrum, LeSS and cybersecurity: proven knowledge that we apply in projects every day.

Our own products

With XISUITE, the Document Data Extractor and Omnichain we build software ourselves – and know what matters day to day.
